TRENDS: Marin

We are still seeing 20% more meals needed in 2015 than in 2007, pre recession.

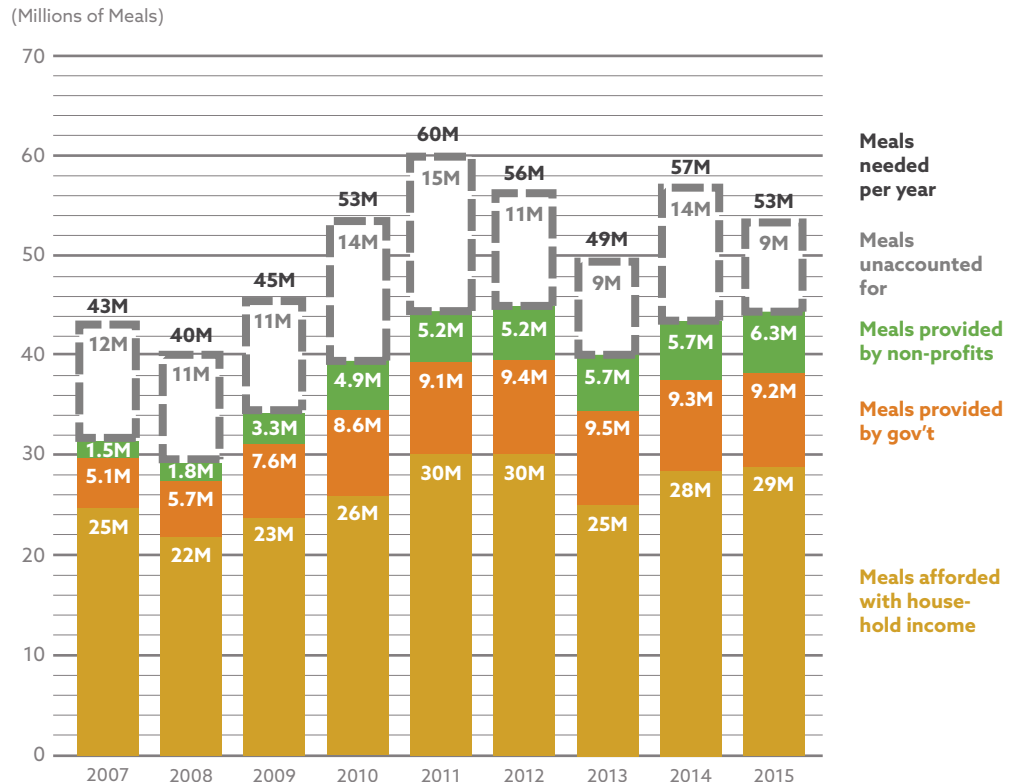

The number of meals from the non-profit sector has more than quadrupled, and the government sector has nearly doubled.

Despite high numbers of meals needed, missing meals are lower in 2015 than they were in 2007, because of increasing government and non-profit meals.

There are still 9 million meals missing in Marin, and we have lots of work to do to close the meal gap.

9 million meals are 'missing' in Marin County.
