

Capacity Seed Funding

Expanding service in our communities

WHAT IS CAPACITY SEED FUNDING?

Capacity seed funding is an opportunity for organizations to accelerate their existing efforts in food programming and increase the number of individuals they are able to serve through one-time funding awards.

WHY CAPACITY SEED FUNDING?

The Food Bank seeks to be able to provide one-time funding to partners that would help them to raise their existing program's capacity. This award will fund an expected growth of 50-500 new UOS that will be Food Bank referrals from existing programming. The Capacity Seed Funding Call for Partnership Form will serve as a portal for interested partners to apply to receive this growth funding.

HOW WILL IT WORK?

Organizations are invited to submit their interest in the Capacity Seed Funding Call for Partnership Form to express their interest in receiving a one-time award to raise their capacity. Awardees will be selected based on their ability to upgrade existing food programming and their geographic location will be considered.

You can learn more and find the form here: [link](#)

Call for Partnership Form Due April 25
